Comprehension

Study the following passage (do **NOT** write a translation), and answer the questions below in English. Complete sentences are requested.

Themistocles enables the Greeks to win the crucial naval battle of Salamis against the Persians in 480 BC.

eo tempore Xerxes bellum contra Graecos cum magnis copiis parabat. classem enim mille navium habebat et multa milia peditum equitumque. Athenienses, cum de hoc periculo audivissent, nesciebant quid facere deberent. constituerunt tandem nuntios ad templum Apollonis mittere ut consilium dei peterent. deus monuit eos ut muris ligneis se defenderent. primo nemo id responsum intellexit. tum Themistocles, dux Atheniensium, civibus persuasit 5 ut plures naves aedificarent; dixit enim deum muros eius modi significavisse. hoc consilium prudenter fuit. nam, multis navibus paratis, Athenienses in navali proelio Persas superaverunt. sic Persae consilio Themistoclis magis quam armis Graecorum victi sunt.

Themistocles is driven first out of Athens and then from the whole of Greece.

Themistocles, quamquam Graeciam liberaverat, tamen non effugit odium civium suorum. nam suffragiis civium ex urbe eiectus est. Argos igitur demigravit ubi multos annos magna cum dignitate vixit. mox tamen Lacedaemonii legatos Athenas miserunt, qui Themistoclem absentem accusabant eum societatem cum rege Persarum fecisse ut Graeciam opprimeret. Themistocles, cum hoc cognovisset, quod Argis non tutus erat, ex urbe egressus ad multas alias urbes demigravit. **5**
