

Many companies will help support charities through a matched giving scheme, whereby they will match gifts donated by their employees. Some companies have formal schemes for matched funding, while others may consider each request on its own merits. In many cases, participating companies will match an employee's donation pound for pound up to a set amount. A number of organisations will even double-match.

Below is a list of companies which we understand will match the charitable gifts of their employees. If your company is not listed, please contact your Human Resources department to enquire if such a scheme exists. A number of overseas organisations also operate similar schemes, particularly those in the US.

If you are interested in donating through the matching gift scheme, please contact your Human Resources department for a form which needs to be completed and sent to us. By using this scheme you can make your gift worth even more to us.
