Summer Term Birthdays

The following boys celebrated their birthdays this term:

Guy Fabian-Hunt, Sam Shuker, Jamie Galbraith, Archie Nicholson, Louis Williams, Alfie Rippon, Louis Pennington, Rex Bodycombe, Frederick Williams, Felix Brash, Scott Patterson, Horatio Holloway, Sam Kennedy

Our thanks to Mrs Roche and Ms Richens for baking cakes and preparing the parties.

Farewell to our U6th/ Leaders in waiting

So it's a fond farewell to our U6th who are pictured above at the U6th dinner which took place in the Martyrs pavilion. Each of the U6th invited a girl to join them at the meal and there were a few dignitaries in the shape of Mr Roche, Mrs Norton and Mr Tester. Our thanks to Mr Roche for organising the dinner in the hallowed cricket pavilion, and to Mr Tester for his witty after dinner speech.

As we look to the new, next year's senior house prefect team has been announced. We are very proud to have two school prefects, a peer listener and the head sacristan (Will Phillips) in our ranks

Head of House - Will Phillips

Deputy Head of House - Freddie Boyce

School Prefect - Bastian Tholstrup

School Prefect/Peer Listener - Edward Woodward

Senior House Prefect - Vladimir Farenkov

Dinners, barbeques and Marshmallows

It has certainly been a term of gastronomic excess. There have been a variety of dinners and occasions, such as the annual house dinner which allowed the house to say goodbye properly to its leavers, also the U6th leaver's dinner. The house's BBQ has been in constant use with the L6th seen below trying to cook the perfect steak, and there has been plenty of marshmallows roasted on the fire in Mr Roche's garden (below). The 4th form were particularly excited by the arrival of the new Segar's waffle machine – so there will be plenty of waffle nights to come.

Prefects Training

The L6th undertook their house prefect training at Winspit quarry in Swanage, Dorset. Following a long hike into this beautiful location, the boys (led by Mr Roche and Mr Turner) made a fire, cooked their supper on the fire and played lots of quarry cricket. The weather was mild so they slept out under the stars. The next morning was spent cooking their breakfast on the fire, rock climbing and doing team building exercises. The experience was one that won't be forgotten and brought the boys that little bit closer together.

Segar's Sporting News

Segar's has had a great summer season of sport. Team success came in the Junior Rowing when we came second overall, and in the Junior House cricket when we also came second. Notable individual successes came for Sam Hamilton Peach (colours for Rowing), Sam Kennedy and Aditya Edekar (colours for 1st XI Cricket), and Freddie Williams (colours for Athletics). Colours are awarded for outstanding leadership and performance in their respective sports – Well done boys. Furthermore James Colson Lake (4th form) was away last week at the National Schools Sailing Championships in Itchenor; a two day event on the south coast. He sailed in the RS Feva XL (a 2 man dinghy) class and came 13th overall 13th out of the 80 boats that were competing – impressive. Freddie Boyce and Bastian Tholstrup set sail for down under next week on the Rugby tour to Australia and we wish them the best of luck.

1st Team Sports colours were awarded to:

Sam Hamilton-Peach (Rowing)
Sam Kennedy (Cricket)
Aditya Edekar (Cricket)
Freddie Williams (Athletics)

Segar's bids farewell

Segar's bids a fond farewell to Mrs Norton, who has been a sixth form tutor in Segar's and a wise guide for her tutees. The house formed a tunnel outside Segar's on her last duty night and clapped her in. Mr Entwistle has been this year's resident grad, and a fine one at that—he shall be sorely missed, and Aditya Edekar joined us this term on an exchange from New Zealand's Saint Kentigern College and bolstered the 1st XI. All of them have had a hugely positive effect on our community and shall not be forgotten.
