

Segar's Newsletter

Summer Term – Edited by Sanders Lau and Alessandro Corrias

Farewell to House Staff:

We say our farewells to the house staff who are leaving this year. They have had a really positive impact on the house. Dr Rigby - our in-house physicist and Mr Marjot – our resident tutor, will be leaving the school, whereas Ms Barnes will be moving to Corfe house. They will be missed tremendously, and we hope to see them in the near future!

New Segar's Tutors:

We will have new members of the common room join Segar's House – watch this space. There has also been a reshuffling as Mr Caro will be our new resident tutor next year.

Leaders in Waiting:

We are happy to announce the following boys have been appointed as next year's leaders in Segar's:

Alessandro
Corrias
*School Prefect
Deputy Head of
House*

Alex Koenig
Head of house

Finn
Campbell
*Deputy Head of
House*

Tom Reed
Senior House Prefect

George
Nikolaev

The Edward Woodward Cup:

The Edward Woodward Cup is a prize awarded every year to a boy in House who embodies the Segar's Core Values. It was named after Edward Woodward who left a few years ago and was a great role model to us all. This year, it was awarded to Peter Ades in the U6th. Peter is unfailingly polite and thoroughly deserves the award.

Birthdays:

Another term and another set of birthdays were celebrated. Thank you to Mrs Roche for the birthday cakes and waffles! We wish an early happy birthday to the pupils who have birthdays in the summer holiday: Angus Graham, Misha Gorislavtsev, Oscar Inglis-Jones, Jack Gore, Damola Otegbola, Cameron King, Kunal Barman, Jonah Cope and Albert Hobson.

Lower Sixth prefect training:

Mr Roche, Ms Richens, Mr Storey and Mr Scates took the Lower Sixth for their Prefect training camp over a summer weekend. They did various activities such as rock climbing, inflatables, camping, cooking around the fire and learning about leadership; they bonded and strengthened as a year group as they get ready to lead the house next year.

Farewell Upper Sixth:

Having finally finished their last exams this year's Upper Sixth are moving on. Special thanks to Archie Nicholson as Head of House and to all of the Senior House Prefects! This cohort will be missed tremendously. Mr Roche gave each of the boys a photo book at Gaudy that charts their transformation from Shells to Upper Sixth. As you can see below the change has been great!

From the Editor (Sanders): My year group has been great. We have bonded and we have been great friends to each other, and I will miss everyone tremendously. I wish you all the best.!

Individual Segar's Sports Successes

Segar's is getting stronger and stronger on the sporting front every year, and we have athletes playing for 1st teams for a wide variety of sports that should be mentioned.

At cricket, we have six boys playing in the 1XI: Peter, Jamie, Luke, Kunal, Toby and Stanley. This is the most individuals from any house and makes up more than half of the team!

For tennis, Alex Koenig is in the 1st Team and Stanley and Mo, fourth form and shells respectively played for the U18 at county level and were the school's sole representatives in the Independent School's competition.

In the boat club, Nicholas Sawyer is in the 1st team boat and the 2nd team boat also has a strong showing with Arya, Issac and Jake. They will be heading off to Henley at the end of term.

In Athletics, Cameron and Damola are in the 1st Team and Cameron takes part in discus and javelin with a personal best of close to 40m, and Damola takes part in the 800m and 1600m.

Other Achievements:

As you will all know, Segar's prides itself in its excellence in all walks of school life. From sport to super curricular academic achievements. This Year we have won the House challenge competition, were runners up in both house singing and house harmony just to name a few...

Segar's House trips to Foot Golf

And finally... Thanks to Mr Storey's connections in the Biology department we cooked an Ostrich Egg in house this term. Scrambled egg was produced by the shells for about 30 boarders. Our thanks, particularly, to Badger for his culinary skills.
