The University Clinical Aptitude Test (UCAT) is a computer-based admissions test, used by a consortium of UK and International Universities to help select applicants for their medical and dental degree programmes.

About the University Clinical Aptitude Test (UCAT)

The University Clinical Aptitude Test (UCAT) is an admissions test, used by a consortium of UK and International Universities to help select applicants for their medical and dental degree programmes.

UCAT 2024 Test Dates

These are the key dates and deadline for the 2024 test cycle. We do not make exceptions to our deadlines.

It is your responsibility to book and sit your test within the testing window.

You are strongly recommended to book a test date early in the testing window. If you choose to book a late test date and then encounter illness or other issues which prevent you from attending your test appointment you may not be able to rebook within the testing window.

The [UCAT Essentials](#) page will guide you through all the important steps in completing your UCAT journey.

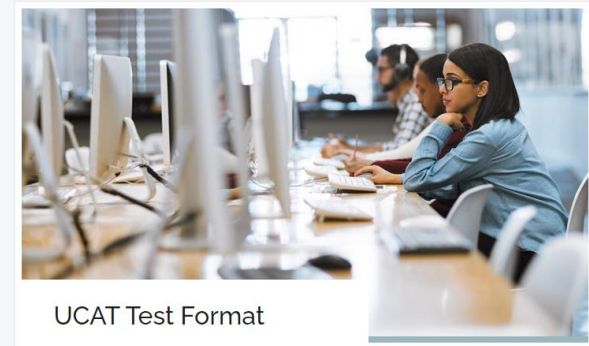

14 May (09:30 BST)	UCAT Account creation opens Bursary and Access Arrangement applications open
18 June (06:00 BST)	Booking opens
8 July	Testing starts
15 September (23:59 BST)	Access Arrangement application deadline
19 September (12 noon BST)	Booking deadline UCAT Account creation closes
26 September	Last test day
27 September (16:00 BST)	Bursary Scheme application deadline
15 October	UCAS deadline
Early November	Results delivered to universities

Registration and Booking

All candidates should read the information on this page carefully before completing the registration process. Eligibility Please check your eligibility to sit the UCAT 2024. You may only test once in any year; multiple testing will be tre...

SIGN IN

BSMS Virtual Work Experience

This course provides a 'virtual' work experience for those looking to apply to medical school. You will be introduced to the NHS before exploring the roles and skill sets of six different medical specialists. Along the way, you will also consider some of the challenges and wider issues doctors face.

Medicine

Have you always been fascinated with the idea that you can help improve people's health? Are you curious, with good interpersonal skills and can you work well in teams? Then a bachelor's in Medicine at Maastricht University might be the right thing for you. The Bachelor of Medicine – English track, curriculum 2022, has a focus on collaborative and self-regulation of learning. Knowledge, skills and attitude are taught in combination, using authentic tasks from the professional field as the starting point for learning. The small scale of the classes ensures an

Fast facts
